

THULASI G T

AI Developer & Creative Technologist

thulasiramegowda29@gmail.com | [GitHub](#) | [LinkedIn](#) | [Devpost](#)

PROFILE

Computer Science & Information Technology student interested in AI, software development and creative technology. I enjoy learning by building, exploring unfamiliar technologies and working on practical solutions to real-world problems.

EDUCATION

REVA University — B.Tech — Computer Science & Information Technology

1st Semester SGPA: 9.7 | 2nd Semester SGPA: 9.52

Lakshya PU College — PUC — PCMB (Physics, Chemistry, Mathematics, Biology)

94%

Vidyanikethan School — SSLC

92%

2025 – 2029

Bengaluru, India

2025

Bengaluru, India

2023

Ramnathpura, India

SKILLS

Languages: C, Python, SQL

Web: HTML, CSS, React, Tailwind CSS, Node.js, Express.js

Databases: MongoDB, PostgreSQL

AI / Data: Generative AI, LLMs, Machine Learning fundamentals, RAG, Vector Databases, Computer Vision

Tools / Cloud: Git, GitHub, Docker, AWS, Google AI Studio, Kaggle, Power BI

PROJECTS

KRISHISETU — Farmer Support Platform | Team Lead

React, Tailwind CSS, Node.js, Express.js, MongoDB, Gemini API, Bhashini

- Led development of a farmer-support platform focused on market insights, labour support, finding work and multilingual accessibility.
- Contributed across product flow, frontend/backend integration and AI-enabled functionality as team lead.

Live: [Open Project](#) | GitHub: [Repository](#)

AQUA-ETHIC — Environmental Monitoring Platform | Team Lead

Remote Sensing, IoT, ML, Node.js, PostgreSQL, Blockchain, Google Earth Engine

- Led the team in developing an environmental monitoring concept combining satellite data, IoT sensing and tamper-resistant records.
- Worked on the blockchain component and contributed to system architecture and integration.
- Reached Decode SIH finalist stage with the project.

EXPERIENCE & PROGRAMS

GigNi Zorus — AI & Python Developer Intern | 2026

- Worked on AI/Python project-based tasks and practical implementation during the internship.
- Completed assigned project work and gained experience with AI-oriented development workflows.

Kaggle / Google AI Agents Intensive — AI Learning Program | 2026

- Completed an intensive program covering AI agents, agent development concepts, runtime, security and testing-oriented workflows.
- Explored modern AI development practices through hands-on learning and experimentation.

ACHIEVEMENTS

- Decode SIH finalist — AQUA-ETHIC.
- Participated in a space-technology hackathon, stepping into an unfamiliar technical domain and learning through the experience.
- Participated in a Datathon and other project-based technical activities.

CERTIFICATIONS

- Google / Kaggle AI Agents Intensive — completed AI agents learning program.
- Azure Fundamentals — Infosys certification.
- Python for Data Science, AI & Development — IBM.
- Python Programming — Codex.
- Certificate of Proficiency (Startup & Entrepreneurship) — Wadhvani Foundation.

LANGUAGES & INTERESTS

Languages: Kannada, English, Hindi

Interests: Drawing, Coding, Dancing, Yoga
